B. Providers

B1. Key terms

This section explains key terms in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term supports and services (LTSS), supplies, prescription drugs, equipment and other services.
 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and support.
 - Providers that are a part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a family practice physician, a general practitioner, a primary care clinic, or an internal medicine physician who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** for a specialist or someone that is not your PCP. A **referral** means that your primary care provider (PCP) must give you approval before you can use someone that is not your PCP. If you don't get a referral, Wellcare Prime may not cover the service.
 - Referrals from your *network PCP* are not needed for:
 - Emergency care;
 - Urgently needed care;
 - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; **or**

 **If you have questions**, please call Wellcare Prime at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.absolutetotalcare.com.

-
- Services from a women's health specialist.
 - o Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
 - o More information on referrals is available in Chapter 3 of the *Member Handbook*.
 - You also have access to a **care coordinator** and a **Care Team** that you choose.
 - o A **care coordinator** helps you manage your medical providers and services.
 - o Your **Care Team** is a group of advocates and providers working together to provide you with medical, behavioral health, psychosocial, social care, and long-term services and supports in the community or in a facility. You are a member of your Care Team, and you can tell us who else you would like to participate. Unless you tell us otherwise, your Care Team will include:
 - You
 - Your care coordinator
 - Your Primary Care Provider (PCP)
 - Your behavioral health clinician (if you have one)
 - Your long-term services and supports (LTSS) providers (if you have them). These include:
 - Your Home Again Transition Coordinator
 - Your waiver services provider
 - Your Community Long Term Care (CLTC) waiver case manager
 - A pharmacist, **and**
 - Representatives from the facility where you get care
 - o Your Care Team **can also include** the following people, if it is appropriate and if you agree:
 - Nurses, specialists, social workers, and other people who can provide expert advice
 - Family members
 - Other informal caregivers
 - Advocates

 **If you have questions**, please call Wellcare Prime at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.absolutetotalcare.com.

-
- State agency or other case managers
 - o Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

B2. Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider.

To choose a PCP, refer the list of providers on page 25 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call your care coordinator at 1-855-735-4398, (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. You can also call Member Services or visit our website using the information at the bottom of the page.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

B3. Long-term supports and services (LTSS)

You may be able to get long-term services and supports (LTSS), such as environmental modification (minor changes to your home), pest control, home delivered meals, and respite care (relief for your primary caregiver, either in an in-patient facility or at your home).

LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, and making food. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

LTSS are available to members who are on certain waiver programs operated by the Community Long Term Care (CLTC) division of Healthy Connections Medicaid. Those waivers are:

- Community Choices waiver

 **If you have questions**, please call Wellcare Prime at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.absolutetotalcare.com.

- HIV/AIDS waiver
- Mechanical Ventilator Dependent waiver

Members on different waivers can get different kinds and amounts of LTSS. If you think you need LTSS, you can talk to your care coordinator about how to access them and whether you can join one of these waivers. Your care coordinator can give you information about how to apply for an appropriate waiver, and all of the resources available to you under the plan.

B4. How to identify providers in Wellcare Prime’s network

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals in Section B1 of this Directory on page 15.

You must get all of your covered services from providers within our network. If you use providers who are not in Wellcare Prime’s network (without prior authorization (PA) or approval from us), you will have to pay the bill.

A **PA** is an approval from Wellcare Prime before you can get a specific service or drug or use an out-of-network provider. Wellcare Prime may not cover the service or drug if you don’t get approval.

The exceptions to this rule are during your first 180 days in our plan or when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also use providers outside the plan for other non-emergency services if Wellcare Prime gives you permission first.

- You may change providers within the network at any time. If you have been using one network provider, you do not have to keep using that same provider. For some providers, you may need a referral from your PCP.
- Wellcare Prime works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, Wellcare Prime can help you. Talk to your Care Coordinator for assistance.

B5. How to find Wellcare Prime providers in your area

This provider directory is organized by provider type, county, and city. Look for the type of provider first (for example, PCP, cardiologist, etc.), then look for your county and city to find a provider close to your home. You can also visit the website at mmp.absolutetotalcare.com for the most current provider listing.

 **If you have questions**, please call Wellcare Prime at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.absolutetotalcare.com.

B6. List of network providers

This Directory of Wellcare Prime's network providers contains:

- **Health care professionals** including primary care physicians, specialists, and mental health providers;
- **Facilities** including hospitals, nursing facilities, Federally Qualified Health Centers (FQHCs), and infusion centers; **and**
- **Support providers** including long-term services and supports (LTSS) providers of adult day health care, attendant care, companion services, environmental modification, home-delivered meals, incontinence supplies, nutritional supplements, personal care services, Personal Emergency Response System (PERS), private duty nursing, respite care, and specialized medical equipment and supplies.

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are also listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training.

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

 **If you have questions**, please call Wellcare Prime at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.absolutetotalcare.com.

Accessibility Information

Below is information used in the provider directory to indicate accessibility at a provider office or building site. This information is not a promise that every doctor will always have the access that you may need. If you have a disability, you should call the doctor's office to talk about your access needs.

Accessibility Requirements:

All Criteria Met: if the provider meets all (49) Critical Elements (CE) for disability access in four (4) main areas:
 Parking, Exterior Building, Interior Building, and Programmatic Access.

Some Criteria Met: if the provider does not meet 1 or more of the CEs.

No Criteria Met: if provider reports having no disability access for all of the CEs.

Details Pending: if there is no data to support any of the 4 main areas.

Indicator	Definition	Criteria
P	Parking	Parking spaces and van-accessible space(s), are accessible. Curbs to on-site parking, public transportation, and the side walk at the site entrance have curb ramps.
EB	Exterior Building	There is an accessible ramp to the building. Curb ramps and other ramps to the building are wide enough for a wheelchair/scooter. There are handrails on both sides of the ramp. Doors are wide enough for wheelchair/scooter to enter and the doors have handles that are easily opened.
IB	Interior Building	Doors are wide enough for a wheelchair/scooter and have handles that are easily opened. There are interior ramps that have handrails. If an elevator is present, it must be free for public use. The elevator has easy-to-hear sounds and Braille buttons within reach. The elevator is large enough for a wheelchair/scooter to turn around. The restroom is accessible, has doors wide enough for wheelchair/scooter and are easy to open. Offices have accessible equipment and clear for space where the equipment is for side transfers by wheelchair or scooter users. Lift equipment exists when needed. If office has a chair lift, it can be used without help.
PA	Programmatic Access	Programmatic access includes, but is not limited to: accessible communication and materials in other formats given in a timely manner, staff help with follow-up visit planning, and other disability-related support (people with disabilities who cannot wait in waiting room are seen right away).
~	Rx	This pharmacy can provide an extended day supply.
+	New patients	Physician is currently accepting new patients.
#	Existing only	Physician is currently accepting existing patients only.
*	No patients	Physician is not currently accepting patients at this time.
	Bus route	Provider indicated this location is on bus route.

Wellcare Prime cannot guarantee the accuracy of provider self-reported disability access information as it has not been verified by the health plan through an in-person Accessibility Site Review (ASR). Members are encouraged to contact the provider in advance to ask about disability access, and to contact the health plan immediately if the self-reported information is not accurate.

C. Wellcare Prime's network providers

You may get services from any of the providers on this list.

For some services, you may need a referral from your PCP.

 **If you have questions**, please call Wellcare Prime at 1-855-735-4398 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday.
